About LILIN

One of the world's leading manufacturers of advanced AI video surveillance solutions

Merit LILIN is a video surveillance solution manufacturer founded in Taiwan in 1980. We provide full NDAA and TAA compliant innovative solutions in both IP and Analog categories. LILIN stands out from our competitors because we are a True Manufacturer- all of our products, including hardware, software and AI algorithms, are designed and manufactured at Taiwan headquarters.

What LILIN Offers

We are proudly **Made in Taiwan** since 1980. Our Research and Development in Taiwan is innovative and can curate a unique all-in-one solution kit for your needs.

LILIN is a **True Manufacturer** that manufactures all their products and AI technology in Taiwan. LILIN can customize its solutions to meet the client's project needs.

We offer **Advanced AI Technology** such as license plate recognition, human & vehicle detection, virtual fence, and more. We offer customized AI per customers' requests.

LILIN is **National Defense Authorization Act (NDAA) compliant & Trade Agreements Act (TAA) compliant**, meaning that U.S. federal government facilities can use our surveillance solutions.

End to End Solution

LILIN has a wide range of high-quality camera solutions, from Network, Analog, and Specialty cameras and records to VMS and NVR systems for all your needs.

System**

Retail Application

Use LILIN Smart AI cameras and AI technology to deter intruders, prevent shoplifting, and increase workflow efficiency.

Commercial Application

Secure your premises using LILIN cameras and EDGE AI licenses such as EDGELPR (license plate recognition), EDGEFLOW (prohibition zones), and more.

Home Automation Application

LILIN camera systems are integrated with many of your favorite home automation integration partners such as:

Control 4

Recommended Retail Solutions

Starvis 4K P-Iris Auto Focus IR AI Smart IP Camera **Z7R8182X3-P**

Pair this smart IP camera with EDGEFLOW AI to set up detection zones at stock rooms, registers, and more for theft prevention or with EDGECAP (people counting) to analyze data for assigning staff during rush hours.

VIVIDKNIGHT Smart Dual Light Turret Camera **V1W4182AX**

VIVIDKNIGHT cameras provide full-color images using smart dual light and human & vehicle detection to ensure your business is protected day & night.

8 CH PoE 4K Network Video Recorder **NVR6108E-V**

Connect up to 8 LILIN cameras to NVR-V for live display, playback, and recording. Easy setup with plug-and-play.

Recommended Commercial Solutions

4K Auto Focus IR Bullet IP Camera **Z7R8182X3-P**

Monitor vehicle entry using the Z7 Camera with AI licenses such as people & vehicle counting (EDGECAP), license plate recognition (EDGELPR), and vehicle entrance restriction (EDGEFLOW).

20 MP Multi-sensor Camera with Customized Configuration **PMH-MSR420MX3**

Multi-sensor cameras have 4 lenses that can be adjusted for wider, customizable coverage, perfect for large spaces such as warehouses.

NAV Software **NAV 5.0**

NAV 5.0 manages up to 128 channels per station (depending on computer GPU), and supports alarm trigger.

Recommended Home Solutions

Mobile App **LILIN Pro App**

Use LILIN Pro App to remotely access live video and recordings from LILIN NAVs, VMS, NVRs, and cameras. LILIN Pro alerts users quickly so that they may notify law enforcement.

VIVIDKNIGHT Smart Dual Light Bullet Camera **V1W9182A**

VIVIDKNIGHT cameras use smart dual light to deter intruders and provide full-color images for nighttime surveillance.

16 CH PoE 4K Network Video Recorder **NVR6216E**

Network video recorders can record 24/7 with up to 4 years of continuous recording and up to 16 channels. NVR can be installed with up to 32TB HDD storage.
